

MAKING COFFEE STRONG

A fund raiser to support Third World farmers and the annual SAGH medical service trips

The **Student Alliance for Global Health** is selling **fairly traded premium coffee, tea and other products** grown by small farmers in underdeveloped and developing countries. By purchasing these products, you are getting more than a great cup of coffee or tea – *you are building a sustainable future for small farmers in countries throughout the Americas, Africa, and Asia.*

GREAT COFFEE, GREAT CAUSE!

SAGH will use the proceeds of the sales to help support its annual medical service trips to Jamaica, Nicaragua, Belize, and a Native American Reservation.

The following varieties may be purchased outright or special ordered:

Product Descriptions

COFFEE

Organic Juan Ana Café Dark Roast (15 oz bag, whole bean only)

A dark roast selection offered by the mission project at San Lucas Tolimán, Guatemala.

Organic Juan Ana Café (17 oz bag, drip grind or whole bean)

A delicious coffee available through the mission at San Lucas Tolimán, Guatemala.

El Amor de Madre (1 lb bag, drip grind or whole bean)

El amor de madre means “A mother’s love.” \$1 from every pound sold of *El Amor de Madre* coffee is donated to

Grounds for Health (groundsforshealth.org), whose mission is to bring effective cervical cancer screening and treatment to women in coffee-growing communities. This is a medium roasted blend of Brazilian and organic Nicaraguan coffees—smooth and sweet, slightly spicy, with deeper caramel flavors.

Organic French Roast (12 oz bag, drip grind or whole bean)

A dark roast blend of beans from Mexico and Sumatra, with a big full flavor. In a word: quintessential.

Café Forestal (12 oz bag, drip grind only)

An aromatic and full-flavored light roast grown by CooCafe, a cooperative of small Costa Rican Farmers.

Organic Nell’s Breakfast Blend (10 oz bag, drip grind or whole bean)

With a boldness taken from Peruvian beans and a depth from Indonesian ones, this excellent blend offers balance and harmony to complement its warm flavors.

Tanzanian Gombe Reserve (10 oz bag, drip grind or whole bean)

Gombe is a dynamic cup, with violet-hued, jungle-bloom aromas and bold, tropical fruit flavors —mango, banana and pineapple—and a finish that rivals the spirit and intensity of a young wine. Because it thrives under the shade of a forest canopy, this extraordinary coffee grows in harmony with chimpanzees in one of their last, remaining habitats. Tanzanian Gombe Reserve coffee is the first to receive Jane Goodall’s “Good for All” seal, signifying that it promotes better pay for farmers, as well as a commitment to protect the environment and the planet’s wildlife.

TEA

Organic Ceylon Green Tea (16 bags per box)

From Sri Lanka, this tea has a smooth flavor with pleasant sweetness and mild astringency. Green tea is well known for its antioxidant properties.

Organic Darjeeling Black Tea (16 bags per box)

Located in the foothills of the Himalayas, Darjeeling is home to some of the world’s finest teas. This light tea has a floral aroma, a golden liquor, and a delicate astringency.

Organic Wild Rooibos Tea (16 bags per box)

Harvested by small farmers in South Africa, this rich, red tea has a fruity character with vanilla overtones. Rooibos is naturally caffeine free and contains antioxidants, known to promote good health.

ORGANIC HOT COCOA MIX (12 oz package)

Direct from small farmers in Costa Rica, and made with organic cocoa, organic sugar, and organic non-fat dry milk – that’s it!

ORGANIC CHOCOLATE BARS (3.5 oz bars)

These fairly traded chocolate bars are made with cocoa from small holder farmers in Ghana. For every bar sold, the farmers receive a Fair Trade price for their beans and a share of the profits of the company they proudly run.

Organic Milk Chocolate

Organic Dark Chocolate with Raspberries

Organic Dark Chocolate

Organic Mint Dark Chocolate

ORGANIC SNACK FOODS (from Kopali Organics)

Organic Goldenberry (1.8 oz package)

Goldenberries are super tangy, power treats. They provide bioflavonoids, antioxidants, vitamin A, and are high in fiber. Kopali Organics uses goldenberries (also known as “gooseberries”) grown by farmer families in Ecuador, Colombia, and Peru. *Nothing added.*

Organic Dark Chocolate Covered Bananas (2 oz package)

Made with organic bananas grown sustainably in Mexico, Ecuador, and Costa Rica. Fair-trade chocolate is from the Dominican Republic. A classically indulgent combination in its purest form.

Organic Dark Chocolate Covered Espresso Beans (2 oz package)

Organic dark chocolate from the Dominican Republic teams up with organic coffee beans from Mexico and Ecuador to provide an exhilarating antioxidant boost.

Organic Mix (1.8 oz package)

This naturally sweet mix of four renowned superfoods delivers full-spectrum flavor, sustained energy, antioxidants, and bioflavonoids. This crunchy, flavorfull mix contains organic dried goji berries from the Himalyas in China, pistachios from California, mulberries from Turkey, cacao nibs from Mexico, and chocolate from the Dominican Republic.
