

The University

The [University of Nebraska Medical Center](#) (UNMC) is a comprehensive health sciences center which opened as the Omaha Medical College in 1881. UNMC is composed of four colleges: [Dentistry](#), [Medicine](#), [Nursing](#) and [Pharmacy](#). The other major components of UNMC are the [School of Allied Health Professions](#), [Munroe-Meyer Institute for Genetics and Rehabilitation](#), [Eppley Institute for Research in Cancer and Allied Diseases](#), the [Graduate Studies program](#), and the [Nebraska Medical Center](#), which is comprised of the former University and Clarkson Hospitals, private practice physicians, University Medical Associates, and more than 20 primary outreach programs in 100 communities in five states. UNMC is committed to education, patient care, and research to meet the needs to Nebraska and beyond. As a medical student, you will be educated for your future. It begins with learning how to apply your clinical knowledge with the skill to use it compassionately. As a graduate student, you will study with research scientists who are recognized nationally and internationally.

The [Leon S. McGoogan Library of Medicine](#) houses approximately 220,000 bound volumes and is a National Library of Medicine Regional Medical Library.

[Student Services](#) includes the [Offices of Student Equity and Multicultural Affairs](#), [Financial Aid](#), Academic Records/Special Programs and the [Center for Healthy Living](#). Housing assistance, student counseling and other student health services are also available.

The [Center for Healthy Living](#) is an on-campus facility which provides the following amenities: racquetball courts, double-sized gym, aerobic room, weight lifting equipment, stationary bikes, treadmills, stair machines, and fitness testing and individual assistance with activity programs.
