

College of Public Health

University of Nebraska
Medical Center

Our Mission & Vision

Mission:

The Mission of the College of Public Health is to promote optimal health and well-being through robust education, research, and service in collaboration with communities in Nebraska, across the country, and around the world.

Vision:

The UNMC College of Public Health, in collaboration with partners, will help make Nebraska the healthiest state in the nation by 2020 and foster sustainably healthy populations and environments across the globe.

Accreditation

The University of Nebraska Medical Center College of Public Health is accredited by the Council on Education for Public Health (CEPH).

The U.S. Department of Education recognizes CEPH as the accrediting body for schools and programs of public health.

Students must graduate from a CEPH-accredited school or program to be eligible to sit for the National Board of Public Health Examiners examination.
