

WEEK 4

Monday, October 23rd

UNeMed Innovation Kick-Off

9 – 11 a.m. | Durham Research Center Atrium

The event is open to anyone who wants to meet with UNeMed staff, grab some freebies – including a UNeMed t-shirt – and a cup of coffee or a smoothie.

Annual GP-IDEA-CTR Scientific Meeting

All Day | Michael F. Sorrell Center for Health Science Education, Truhlsen Event Center

This meeting, held all day Monday, October 23 and Tuesday, October 24 will highlight presentations on clinical and translational research and resources, team science, community engagement activities, a mock study review panel and more! Registration is required.

CTR Superstar Competition and Dinner

6:30 – 9:30 p.m. | Michael F. Sorrell Center for Health Science Education, Truhlsen Event Center

Join the high-stakes CTR Superstar Competition/Dinner where a panel of distinguished judges will award \$20,000 to a winning CTR pilot project pitch. Registration is required.

Wednesday, October 25th

Systematic Reviews: What's It All About?

11:30 a.m. – 12:30 p.m. | Wittson Hall of Medicine, Rm 8011

This session will provide participants with a thorough understanding of the systematic review process and the role McGooogan librarians play as part of the team from help formulating the research question, conducting initial exploratory searches, completion of exhaustive searches, updating searches, and writing-up the search methods for publication.

Friday, October 27th

Alternative Science Careers Panel

11 :30 a.m. – 12:30 p.m. | Fred & Pamela Buffett Cancer Center, Gail & Mike Yanney Conference Center

This seminar, will host panelists with scientific backgrounds that will discuss career options for graduate students in scientific fields outside of traditional academia, and is expected to help researchers, faculty and other scientists explain complicated ideas in terms that most can understand.

WEEK 5

Monday, October 30th

CRISC: Clinical Poster and Oral Presentations

11 a.m. – 2 p.m. | University Tower, Private Dining Room C

This event will showcase clinical research projects from our clinical enterprise scholars at Nebraska Medicine, Clarkson College, and UNMC Colleges of Nursing and Public Health. The morning's events will begin with oral presentations and a poster session. Oral Presentations begin at 11 a.m. (new speakers approximately every 20 minutes) light refreshments will be served. Sponsored by the Center for Clinical and Translational Research and the Clinical Research. Inquiry & Scholarship Committee (CRISC)

Tuesday, October 31st

Promoting Your Science:
the Art of the Elevator Pitch

9 – 11 a.m. | Fred & Pamela Buffett Cancer Center, Rm 0.12.103

Jennifer Larsen, MD will present tips for preparing a 30 second, 1 minute, and 5 minute summary of your research when talking to the public. This workshop will include time for personal preparation and practice of delivery. *Registration is required.*

Research!America: Promoting Research Advocacy

12 – 1 p.m. | Durham Research Center, Rm 1002

Mary Woolley, president of Research/America, the nation's largest advocacy organization committed to making medical and health research a higher national priority, will present on how research advocacy can be used to promote the research being done at the University of Nebraska and the role you can play in increasing the attention your research gets.

UNIVERSITY OF
Nebraska
Medical Center

Sponsored by UNeMed, McGooogan Library, Nebraska Medicine, UNMC Faculty Development, UNMC Interprofessional Academy of Educators, & the UNMC Office of Vice Chancellor for Research

2017 October Celebrating Research & Innovation

SCHEDULE OF EVENTS

unmc.edu/vcr/education/seminars/celebrating-research/research2017

WEEK 1

Tuesday, October 3rd

Do What You Do... and Get Published, Too!

11 a.m. – 12 p.m. | Michael F. Sorrell Center for Health Science Education, Rm 1018

An expert panel shares insider tips on how to turn your everyday activities into successful publications. *Registration required for CME credits.*

The Case Report: The Honest Truth About Navigating Academia as a Graduate Student or Postdoc

12 – 1 p.m. | Michael F. Sorrell Center for Health Science Education, Room 2018

Dr. Adam J. Case, former UNMC postdoc turned assistant professor, will present his unique outlook on what it takes to advance through the ranks of academia in today's world. Any and all questions will be answered, so bring the inquiries you have always wondered about but have never asked. *Registration is required.*

Wednesday, October 4th

Fisher Scientific Vendor Show

10 a.m. – 1 p.m. | Durham Research Center Atrium

Pick up some swag and vendor specials while meeting the manufacturers of scientific supplies/equipment distributed through Thermo/Fisher at this event.

Writing Essentials for Grants and Publications: Back to the Basics

11:30 a.m. – 12:30 p.m. | Durham Research Center, Rm 1005

Crafting a winning proposal takes more than a great idea, words matter. Learn helpful writing tips and tools from UNMC's Research Grant Editor.

Thursday, October 5th

How Ebola Impacted Nebraska, & Nebraska will Impact the World: the Global Center for Health Security

12 – 1 p.m. | Durham Research Center, Rm 1002

UNMC's biocontainment unit was a decade in the making before it was deployed in the Ebola epidemic. Learn how UNMC's vision for combating the next global pandemic will be realized in the new Global Center for Health Security.

Alternate Sources of Funding with the DoD

4 – 5 p.m. | Durham Research Center, Rm 1002

Join a panel of investigators who have successfully obtained funding through the Department of Defense and other similar funding sources to see how a non-NIH funding source can jump-start your research career.

WEEK 2

Monday, October 9th

Incorporating Economic Evaluation in Clinical and Translational Research

12 – 1 p.m. | College of Nursing, Rm 2020

Join Fernando Wilson, PhD, as he describes the major types of economic evaluation that can be used in translational research to determine the social return on investment generated by a CTR study.

Tuesday, October 10th

Core Facility Fair

11 a.m. – 2 p.m. | Durham Research Center Atrium/Interaction Space

Representatives from UNMC, UNO, and UNL core facilities will present information about accessing their services and will show off new technologies that are available to all researchers across the Nebraska system.

Thursday, October 12th

Innovation to Dissemination Workshop: the Secrets of Turning Your Educational Innovations into Scholarship

11:30 a.m. – 1 p.m. | Michael F. Sorrell Center for Health Science Education, Rm 2018

It can often be difficult to translate your educational ideas into publication, particularly if you haven't selected outcome measures which demonstrate their impact. This workshop will help you discover how to develop a research strategy to investigate the efficacy of your innovations. *Registration recommended.*

Friday, October 13th

Predatory Publishing and Open Access

12 – 1 p.m. | Michael F. Sorrell Center for Health Science Education, Rm 1005

Emily Glenn, MSLS will present this session on selecting a scientific or biomedical journal for publication of research articles. The Presenter will demonstrate how to use library resources like Scopus and Journal Citation Reports along with reference checklists to evaluate journals. We will address salient characteristics of potentially predatory journals as well as core tenets of open access, often conflated with predatory publishing. Participants will review real website of potentially predator publishers and share strategies for selecting journals in their disciplines.

For more details on each event including registration, maps, and streaming information, visit the Research Month webpage at unmc.edu/vcr/education/seminars/celebrating-research/research2017

Events marked with  are live-streamed

WEEK 3

Tuesday, October 17th

Common Rule & Information Security for the Clinical Coordinator

11:30 a.m. – 1 p.m. | College of Nursing, Rm 1010/1011

Bruce Gordon, MD and Derek McCullough will present this special emphasis seminar to discuss IRB changes and how the new common rule impacts coordinators, as well as the best ways to share clinical data and other information security topics.

Navigating the Multi-PI Grant Process

4 – 5 p.m. | Durham Research Center, Rm 1002

The new multiple PD/PI option presents an important opportunity for investigators seeking support for projects or activities that require a team science approach. Join a panel of UNMC investigators who have already successfully navigated this new process to gain insights into how you can incorporate this new grant type to improve collaboration and increase funding opportunities.

Wednesday, October 18th

Qualitative Research Workshop

9 a.m. – 3 p.m. | Michael F. Sorrell Center for Health Science Education, Rm 2010

This hands-on workshop will be led by noted author John Creswell, PhD. Participants will work through the steps of creating a qualitative project and will leave with a template for their project. Workshop participants must have a current qualitative project or a plan for a project. Project teams are encouraged to participate in the workshop together. Participants will be asked to submit a short description of their proposed project. *Registration is required.*

Thursday, October 19th

John Creswell Keynote: Turning Teaching into Scholarship

12 – 1 p.m. | Lauritzen Outpatient Center, Rm 4.14.001

Join noted author John W. Creswell, PhD, as he shares how he has cultivated a life of teaching and how he has turned his teaching into scholarship. Hear how this author of 27 books maintains the discipline of writing.

Friday, October 20th

Grant Writing Bootcamp

8 – 11 a.m. | Michael F. Sorrell Center for Health Science Education, Rm 1018

Jennifer Larsen, MD, Howard Fox, MD, PhD, and Bethany DeCarolis will reprise this popular series that will give attendees a broad overview and the basics of grant writing, with a focus on helping early investigators who are just beginning to apply for federal funding. *Registration is required.*
