

How do I download zoom onto my Laptop?

It is best to Download zoom the day before your telehealth appointment, to ensure things go smoothly.

Laptop or Desktop Computer

***Zoom is free to Download, if you want to read Zoom's Privacy Statement visit <https://zoom.us/privacy> ***

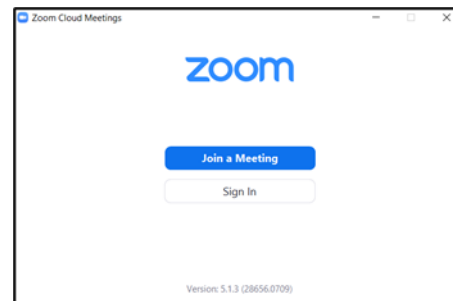

Step 1: Open the Internet and go to <https://zoom.us/download>

Step 2: On the top of the page click download under the heading “Zoom Client Meetings”

Step 3: A box will appear in the bottom left corner of the screen, seen here , Click it.

Step 4: After clicking the box, Zoom will automatically be installed on your computer. When it is done you will see the following, and you can join your meeting.

Step 5: To find it later, you can search “zoom” in the program search bar (Windows – bottom left) or look through your apps (Mac – upper right)

Windows

Apple

After zoom has been downloaded, follow the instructions provided by your doctor's office to join the meeting.

How do I even download zoom onto my phone or tablet?

It is best to Download zoom the day before your telehealth appointment, to ensure things go smoothly.

Phone or Tablet

***Zoom is free to Download, if you want to read Zoom's Privacy Statement visit <https://zoom.us/privacy> ***

Step 1: Open your app store (Google's Play Store  or Apple's App Store )

Step 2: Search "Zoom" in the search bar and look for the zoom logo 

Step 3: Click "Install", once the app is ready you can open it from the prompt in the store

Step 4: To find the app later look through where your other apps are located on your device

After zoom has been downloaded, follow the instructions provided by your doctor's office to join the meeting.
