Do you or a loved one have Alzheimer's disease or other dementia?

The Alzheimer's Association gives support and resources to people facing Alzheimer's disease and other dementias.

A 24/7 helpline (1-800-272-3900) offers support.

Patients and caregivers can get FREE help and meet people who understand the support you need. There is free translation for more than 200 languages. You can learn about the disease, sign up for programs, get help with legal, housing, and care choices and help with crisis care.

Learning and support groups

- Training.alz.org has Spanish, English and other languages 24/7
- To find LIVE education and support groups go to www.communityresourcefinder.org. After your zip code is entered, change the range to 500 miles and choose Spanish or preferred language.
- Support groups are meeting, using on-line computer video or over the phone. You can join any open support group across the country.
- www.alzconnected.org is an on-line support group which you can get in Spanish, English and other languages.
- The Alzheimer's Association website is: <https://www.alz.org/>. It offers many resources in Spanish and English.

If you would like to help others learn more about Alzheimer's and dementia or would like to volunteer, please call **1-800-272-3900** or join at: volunteer.alz.org.

We have included an Alzheimer's Association brochure for more facts. You can get support 24 hours a day, 7 days a week at **1-800-272-3900**.

If you have questions about your health, or would like to meet with your doctor, please call our office at
