Faculty Opening

Department of Physician Assistant Education

This is an opportunity to work in a vital enterprise in the nation’s heartland. The University of Nebraska Medical Center has its eye on improving the future of health care in Nebraska and beyond.

Our mission is to lead the world in transforming lives to create a healthy future for all individuals and communities through premier educational programs, innovative research and extraordinary patient care.

UNMC Primary Care Program ranked 4th of 153 medical schools.*
UNMC PA Program ranked 9th.*

*US News and World Report

Responsibilities:
- Facilitating progressive student learning in the sciences of medicine (basic, clinical, behavioral and systems).
- Contributing a unique expertise that enhances our commitment to excellence in PA education.
- Engaging technology to enhance learning and productivity.

Qualifications:
- Innovative, graduate-level, instructional strategies.
- Skilled in team-building and effective collaborations.
- Clinically-experienced, masters-level PA.

As Nebraska’s only public academic health sciences center, UNMC is committed
- to the education of a 21st century health care work force,
- to finding cures and treatments for devastating diseases,
- to providing the best care for patients,
- to serving our state and its communities through award-winning outreach, and
- to embracing the richness of diversity.
