RSVP by March 31: alumni@unmc.edu or call 402.559.4385

About the Latta Lecture

The John S. Latta Lecture was established by the College of Medicine Alumni Council (formerly Alumni Association) in 1980 to commemorate John S. Latta’s dedicated service to the College of Medicine. Dr. Latta taught embryology and histology at UNMC from 1921 until 1963, and served a 20-year stint as the chair of the anatomy department. He was beloved by students and fellow faculty. Dr. Latta became one of the most admired and respected faculty members of the College. He passed away in 1989 at the age of 94.
