

Hi, I'm Laura with the UNMC alumni relations office. I'm so excited to share some more information with you about Alumni Connections, our online community for UNMC alumni and students.

You can access the community by visiting <https://connections.unmcalumni.org>.

If you're not already a user, you can click "Join Community" and sign up via any method. We encourage you to complete as much information as you can—this will help both you and other users fully utilize the platform and make meaningful connections.

Once logged in, you'll see an option to complete a matching quiz to receive recommendations for connections. This feature helps students looking for a mentor, résumé review, or other assistance by matching them with alumni who have indicated they can help.

Other users will receive suggestions based on shared experiences or interests to help build their network.

If you'd like to search for users based on specific criteria, use the Network tab for alumni or the Mentors tab for students. You can filter by college or program, location, graduation year, identity group, and more.

If you find someone you'd like to connect with, the platform provides optional message templates to help start a conversation.

The site offers many helpful features, and we've created "How-to Guides" under the Resources tab to help you fully utilize the platform.

Be sure to explore your college or program's group and the discussion board once you've joined.

We hope you enjoy Alumni Connections.
