UNMC College of Medicine
Class of 1971
50th Anniversary

September 2021
A Message from the UNMC Alumni Association

Dear Members of the College of Medicine class of 1971:

Congratulations on the milestone of your 50th reunion! Please allow me to officially welcome you to the UNMC Half Century Club! It has been such an honor for me to meet members of the outstanding class of 1971 and to hear about your many accomplishments.

For those of you who joined us in Omaha for the reunion, I hope we were able to showcase our growing campus, that you had a chance to reconnect with old friends, and that you enjoyed the opportunity to gather in a place that holds many special memories for you and helped launch your career as a physician.

For those that are unable to attend, I hope you enjoy the chance to read through the class booklet of updates from your classmates sharing highlights of their life and career.

Over the last 50 years there have been many advances in medicine, society, and for the College of Medicine. The caliber of students that UNMC continues to produce is truly remarkable. The current medical students, and those who will come after them, all stand on the shoulders of alumni like your class who have dedicated their life to the service and practice of medicine.

The University and the College of Medicine are proud to call you amongst our graduates. We hope you are proud to call UNMC your alma mater.

Please stay in touch, and again, congratulations on this milestone of your 50th anniversary reunion!

Very sincerely,

Catherine Mello

I remember with fondness the four years at Nebraska. When I lost my fiancé in a car accident in our sophomore year many of you surrounded me with love and care and Dr. Mary Jo Henn was very personally supportive during those times.

I felt very prepared for my post-graduate adventures in California (internship & general surgery) and in fact of the twelve surgical residents at Highland, seven were classmates! (1972)

I am proud of my time at Nebraska and humbled to have been able to serve and practice 37 years here in Cape Girardeau, MO.

I was saddened by the news of the passing of so many of our classmates.

My best wishes to all of you and look forward to that final reunion where we hear “Well done, My good and faithful servant.”

Sincerely,

Rich Martin

Trained at: Internship – Good Samaritan, Phoenix; Residency – Kaiser Permanente, Los Angeles
Practiced Where: Goshen, IN
Highlights of Practice: Group practice with 5 OB/GYN’s and later adding nurse-midwives
Retired: Yes, although still involved with mission medicine overseas
Retired When: OB – 2003; GYN – 2011
Military Service: USAF – Senior medical program and then active duty 1972 – 75
Medical Student and/or Resident Teaching: Teaching of nurses, Pas and family physicians and residents in W. Africa and South Asia
Medical Societies: FACOG; active member of CMDA
Spouse and Children/Grandchildren: Married for 54 years to Carol (Davis) Petersen; two daughters and 6 grandchildren
Church and Civic Activities: Active in my church as deacon, Bible teacher and with music
Hobbies: Photography, Golf, Travel, Reading, Global Mission Trips
Your Personal Motto: “Trust in the Lord with all your heart” and “Finish Strong”
Anything Else to Share with Classmates: After attending a one room country school in western Nebraska, I was blessed to be able to attend UNMC. I was
blessed to graduate debt free with the help of Carol’s teaching and Air Force support. Despite being gone from Nebraska since 1971 I am a Hoosier supporting the Huskers.

After undergoing a 5 vessel CABG procedure in 1977 I had time to evaluate my life in relationship to the relative brevity of life. I returned to full-time practice however started providing OB/GYN care to underserved women in Togo, W. Africa and Bangladesh. I stopped OB practice in the USA in 2003 to be able to spend more time overseas. I’ve made 32 trips of 1-3 months each trip and hope (depending on COVID) to return again this winter to Bangladesh. I’ve probably seen more ruptured uteri and full-blown eclampsia than most high-risk specialists in the USA, however I have few worries about malpractice, hospital politics, practice management, etc. I haven’t had to bill or collect for the last 1000 babies I delivered overseas and am rewarded with genuine "thank-you's" and invitations for rice and curry or chai in village homes.
