MAKING AN IMPACT
The past year was one of unique challenges and opportunities as our communities grappled with the ongoing COVID-19 pandemic. Our alumni have been on the front lines in the pandemic. We even had the opportunity to interview some of them and share their stories of resiliency with fellow alumni.

The UNMCAA’s work has evolved in the last year as we have re-imagined what it means to be a “digital-first alumni association.” We have increased efforts consistently to engage alumni in a virtual world, and this led to some unique projects.

Our biggest leap was the investment in the creation of our own virtual community for UNMC alumni and students, which we named Alumni Connections. Bringing this new platform to our alumni and students is just one highlight of how the Innovation Funds have substantially impacted our work over the past year. Read on to learn more about how the Innovation Funds make an impact.
Contributions to the UNMC Innovation Funds are making a substantial impact for students, alumni and the University.

A sincere thank you to those who give back to UNMC in the form of their time, talent, and treasure.

Our work is not possible without your generous support.
