

COLLEGE OF MEDICINE INNOVATION FUND REPORT

July 1, 2022-June 30, 2023

FUNDS RAISED:

\$105,059

DONORS:

228

SUPPORT FOR UNMCAA:

\$75,000

SUPPORT FOR COLLEGE OF
MEDICINE STRATEGIC
INITIATIVES:

\$30,059

THE COLLEGE OF MEDICINE INNOVATION FUND SUPPORTED:

- the people and programs of the UNMC Alumni Association;
- the annual White Coat Ceremony for M1s;
- the purchase of "test banks" for students. The test banks are databases of questions designed to help prepare medical students for important national examinations to assess their understanding of the science and clinical reasoning that are foundational to the practice of medicine; and
- the work of the College of Medicine Student Wellness Advocate. The student advocate promotes student well-being, self-care, professionalism and informal mentoring opportunities. This year the new Wellness Hub opened, providing a physical area for a nurturing, supportive and uplifting environment for all medical students.

"I'd like to extend my heartfelt gratitude to all those who supported the UNMC College of Medicine Innovation Fund, on behalf of the students, faculty and staff. Your generous backing not only demonstrates a strong dedication to the college's future but also paves the way for the development of initiatives and ventures that would remain beyond reach without your contributions. Private philanthropy acts as a driving force behind the remarkable evolution of medical students into exceptional physicians. I offer my sincere thanks for your unwavering commitment to the UNMC College of Medicine, Nebraska and beyond."

Bradley Britigan, MD
Dean, UNMC College of Medicine
