Join BHECN for a webinar on Trauma-Informed Application of the Seven-Stage-Crisis Model by Charmayne Adams, PhD, LIMHP, NCC.

Learning objectives:
1. Describe the seven-stage crisis intervention model
2. Discuss how to integrate trauma-informed principles into the seven-stage crisis intervention model
3. Explain case examples of the seven-stage crisis intervention model infused with trauma-informed principles with diverse case scenarios

Cost: Free

Who should attend? Advanced practice providers, nurses, licensed mental health therapists, and social workers

March 16, 9-10am Central Time

Presented by:
Charmayne Adams, PhD, LIMHP, NCC
Assistant Professor, Department of Counseling
University of Nebraska Omaha

Charmayne Adams is an assistant professor in the Department of Counseling at the University of Nebraska Omaha. She has worked as a professional counselor in a variety of settings including psychiatric hospitals, residential treatment facilities, correctional facilities, and for mobile crisis. She has worked with both adults and children with extensive histories of trauma and in crisis situations. Her research and clinical expertise have been focused on teaching clinicians about working with individuals experiencing crisis situations and with histories of trauma. She has presented on this topic at over 15 local, state, regional, and national conferences and conducted two webinars for national associations on the topics of crisis and trauma. She is independently licensed in the state of Nebraska as a professional counselor and has a doctorate in counselor education from the University of Tennessee, Knoxville.
