## Invaluable Work Experience

The BHECN internship program is designed for graduate-level students in psychiatric nursing, social work, psychology, psychiatry, counseling, and physician assistant programs. You'll expand your learning by working face-to-face with patients at Nebraska Department of Correctional Services sites or the Lincoln Regional Center.

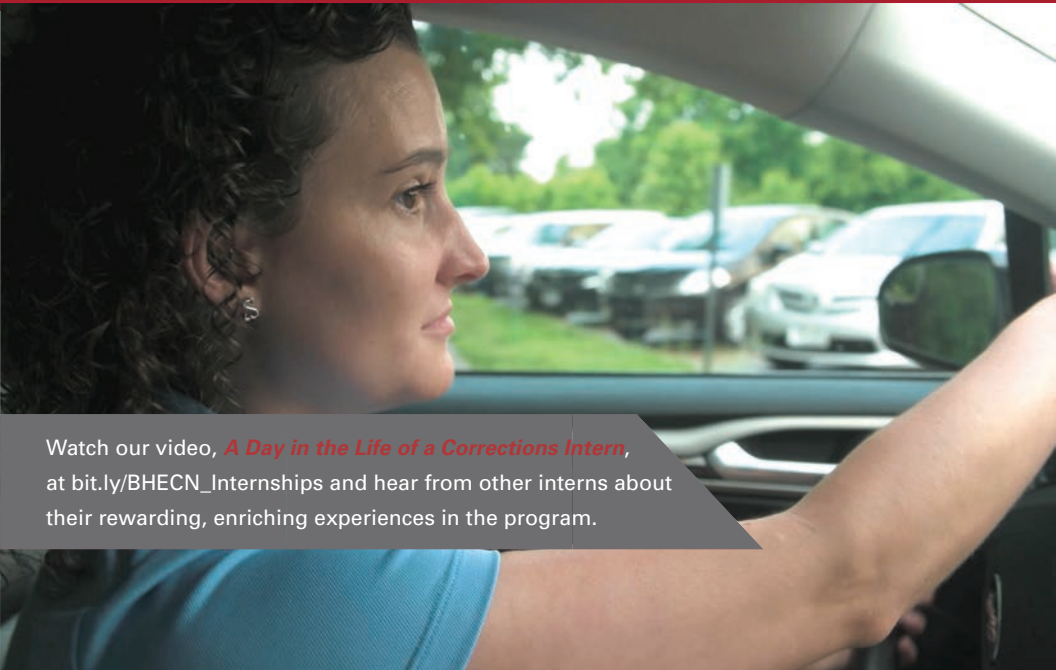

- ***It's safe.*** We provide extensive training to ensure your security.
- ***It's important.*** You'll work with a wide variety of patients who truly need your help.
- ***It's hands-on.*** You'll get experience you won't find anywhere else.
- ***It's supportive.*** You'll be mentored and guided by dedicated professionals.

## Making a Difference

The interns who have worked in this unique program have felt firsthand the powerful sense of accomplishment that comes with making a difference in the patients' lives.
