## The Behavioral Health Education Center of Nebraska (BHECN) Presents a ZOOM® Webinar Boot Camp for Behavioral Health Supervisors

On the second Thursday of every month starting on June 10, 2021 BHECN will offer a ZOOM® webinar series for behavioral health supervisors who want to **SUPER**-size their skills and get support! Sessions will start at 12:00 p.m. CT and last one hour.

The first session in the series (June 10) includes an overview of how the series defines supervision, introduces the moderators and explains the upcoming topics. The series will continue monthly until we run out of ideas!
