

3rd ANNUAL Cancer Risk and Prevention Symposium

REGISTER NOW »

JOIN US! Friday, Feb. 23, 2024 • 7 a.m. - 5 p.m.

The **3rd Annual Cancer Risk and Prevention Symposium** is designed to highlight the field of cancer prevention by bringing health care professionals and researchers together for a multidisciplinary discussion. Main conference topics will include access to cancer screenings in rural populations, universal genetic testing, multi-cancer detection tests, early onset colon cancer, and the psychosocial impact of hereditary cancer. Additional breakout topics for clinicians and researchers include hereditary endocrine cancer syndromes, hereditary pediatric cancer syndromes, whole-body MRI for screening, the latest research, and lightning poster presentations.

TARGET AUDIENCE

This accredited continuing education activity is designed for primary care/internal medicine providers, advanced practice providers, genetic counselors, nurses, scientists, and other members of cancer research teams who have an interest in familial cancer, hereditary cancer syndromes, and cancer prevention.

ATTENDANCE OPTIONS

- **In-Person**
UNMC Truhlsen Campus Events Center
(located on the first floor of the Michael F. Sorrell Center for Health Science Education)
619 S 42nd Street, Omaha, NE 68105
