

4th ANNUAL Cancer Risk and Prevention Symposium

REGISTER NOW »

JOIN US! Friday, April 25 • 7:45 a.m. – 4:15 p.m.

The **4th Annual Cancer Risk and Prevention Symposium** will cover essential topics in cancer prevention, including obesity, tobacco cessation, human papillomavirus (HPV) vaccination, and the latest advancements in genetic testing. Explore emerging areas like clonal hematopoiesis of indeterminate potential (CHIP) and high-risk breast lesion management. Gain insights on colon and ovarian cancer screening, HPV vaccination strategies, and reducing health disparities. Engage in networking opportunities and visit vendor exhibits to expand your knowledge and help advance cancer prevention.

TARGET AUDIENCE

This accredited continuing education activity is designed for primary care/internal medicine providers, advanced practice providers, genetic counselors, nurses, scientists, and other members of the cancer research teams who have an interest in familial cancer, hereditary cancer syndromes, and cancer prevention.

ATTENDANCE OPTIONS

- **In-Person**
UNMC Truhlsen Campus Events Center
(located on the first floor of the Michael F. Sorrell Center for Health Science Education)
619 S 42nd Street, Omaha, NE 68105
