

Just In Time Accelerator (JITA) Funding

Center for Patient, Family, & Community Engagement in Chronic Care Management (CENTRIC)

CENTRIC will be accepting applications on an open basis for Just In Time Accelerator (JITA) funding. JITA funding has been designed to support feasibility work predominately for our faculty and postdocs who have little or no funding or access to other funding sources to get the work done. Applicants may request between \$500 and \$10,000 to use in 6 months, (only necessary funding will be approved). Applications including the required materials should be emailed to centeric@unmc.edu. The CENTRIC Core Nursing Committee will invite applicants to present at the scheduled monthly meetings.

Priorities for funding:

- Pilot feasibility work needed for larger grant submissions (e.g. Oncology Nursing Society Foundation, American Heart, IDeA-CTR, CENTRIC pilot, R15, R21, or R01 if additional data is needed to support an R01).

Eligibility:

- UNMC College of Nursing faculty and CENTRIC Postdocs.

Applications should include the following:

- JITA funding face page
- 1 page Abstract (if appropriate include the rationale for the project, specific aims, approach [design, sample, measures, procedure and analysis] and potential impact). (single space, .5 margins, Arial font size 11).
- 1 paragraph – ½ page explanation of how this work will specifically support your next projected grant proposal and to what funding mechanism(s) you plan to submit.
- 1 paragraph - ½ page explanation of how this project fits with the mission of CENTRIC to advance self-management in chronic care.
- Budget with Budget Justification (if devices or equipment are purchased with this funding they will become the property of CENTRIC after this work is completed).
- Provide a start date for JIT funding. If needed, IRB and any other approvals must be obtained prior to start date. Funding will be good for up to 6 months from the start date you provide. Extension requests of up to six months will be considered but not guaranteed.
- Timeline for JITA funding in relation to projected grant proposal (e.g. if you receive funding on May 1, your funding will end October 31; the larger grant application (\$50K or more) is expected to be submitted as soon as possible within the next 6 months (April 30).

Expectation:

- Present request to the core nursing committee at a scheduled monthly meeting. Monthly meetings regularly fall on the last Monday of each month.
