3. Admissions and Student Affairs Wendy Grant, MD  
(Dr Grant unavailable/Dr Britigan presented her updates)  
Student Affairs:

- All M4 students have applied to residency programs
- Some specialties have issued national guidelines for programs to set interview release dates - not all programs adhering - we do not have a reliable way to track interviews as there is not a centralized interview scheduling program ... we will update our survey to ask students about signaling after match day
- We will be starting one on one career counseling meetings with M1 (January), M2 (November) and M3 (January) students
- CST Directors continue to be an invaluable resource for our students and your support for their time is very important.

Admissions:

- EDP is done - 39 EDP applicants, 21 accepts, 18 rolled over to regular cycle
- Interview days continue by zoom. Planning for two second look days end of March, early April - Dr. Talmon has provided a TBL case, will have lots of current medical student engagement. Timing of these days are because "deadline" to commit to one medical school is end of April.
