

## UNMC Employee Standards

You should do your part to keep yourself, our campus, and our community in good health as an employee of the University of Nebraska Medical Center.

You have a responsibility in the fight against COVID-19 and you should be an accountable member of both UNMC and the communities we live in and serve.

You must be an active participant in maintaining your own health, wellbeing, and safety, as well as the safety of others, by following all the guidelines and expectations outlined by the university. We ask you to accept the challenge to help UNMC achieve our mission to “lead the world in transforming lives to create a healthy future for all individuals and communities.”

To help reduce the spread of COVID-19, we ask you to personally commit to support the following campus and community standards:

- Wearing a face covering in accordance with the university’s face covering policy.
- Be mindful of physical distancing of a minimum of 6 feet, especially in smaller spaces (i.e. elevators, restrooms, and offices).
- Maintain good personal hygiene habits and frequently washing hands thoroughly with soap and water and/or using hand sanitizer.
- Utilize an approved screening tool, such as the *1-Check COVID* self-screening app, each day before going to campus, a clinical rotation or practicum site, or going out in public.
- Stay home if I’m not feeling well.
- Seek and follow guidance from Employee Health if you are exposed to a person known to have tested positive for COVID-19, or are experiencing symptoms of COVID-19, or have tested positive for COVID-19.
- Keep common community spaces clean utilizing the disinfection stations provided throughout the building.
- Avoid and discourage large in-person group gatherings wherever possible.
- Abide by all specified campus room and public space COVID-19 occupancy limits.
- Comply with guidance from university and local health officials.
- Regularly review the Campus Recovery/Coronavirus Resources website.
- Reach out to the UNMC Office of Health Security with questions as needed.
- Apply the above-mentioned preventive practices to situations outside my work environment (including stores, restaurants, bars, social gatherings, and other public venues).

In this unprecedented time, UNMC is striving to provide a safe environment while working to keep our community healthy and secure. By following through on these standards, you will do your part to maintain the safety of our community and to demonstrate the ITEACH values of the university. As a member of the UNMC community, you should embrace Innovation, Teamwork, Excellence, Accountability, Courage, and Healing.

**By submitting my name below, I provide acknowledgement that I have read these standards for keeping the UNMC community healthy, safe, and secure.**
