General Chemistry II + Lab	4
Nutrition	3
Third of 12-Hour Series	3
Fourth of 12-Hour Series	3
Human Physiology + Lab	4

	TOTAL	17
--	-------	----

The above is an example of the predental hygiene curriculum. You may complete courses as stated or you may vary the sequence.

Six credit hours must be completed in the Humanities & Arts (English literature, philosophy, music history, art history, theater arts, drawing) and three hours in Social & Behavioral Sciences/Human Behavior, Culture and Social Organization (psychology, sociology, anthropology, economics, political science, geography). A twelve-hour series (a 12-hour minor in one academic area) must be completed in a specific area of study. The courses taken in the 12-hour series must have the same course prefix for all courses being considered. The Dental Hygiene Program advisor should be consulted for specific details.

Transfer Credit: All official transcripts from postsecondary institutions will be examined, and credit will be awarded according to UNMC policy. Usually, credit from any accredited institution of higher learning is accepted for transfer if successfully completed with a course grade of **C or above**. For two and four year institutions, transfer credit will be determined by the standards set forth in the "Transfer Credit Practices of Designated Educational Institutions" published by the American Association of Collegiate Registrars and Admissions Offices. NO credit will be awarded for D grades.
