The Nebraska Area Health Education Center (Nebraska AHEC) Scholars Program is part of a national initiative that prepares health profession students who want to serve in rural or urban underserved areas to become leaders in the changing health care system.

Scholars Benefits

• Interact with other students and health care professionals across the state.
• Gain skills necessary to set you apart from your peers.
• Be better prepared to enter the health workforce, ready for success.
• Participate in enhanced community-based experiences.
• Graduate with distinction and receive an official certificate of completion.
• May be eligible for a stipend annually.

Scholars Eligibility

• Currently enrolled or accepted in a health profession training program at least 24 months in duration.
• Have a minimum GPA of 2.5 during the most recent academic year.
• Have reliable Internet access.
• Commit to a two year program and select one of the two tracks.
• Committed to health and health care.
• Devoted to community service and interested in becoming leaders.

Two Tracks to become an AHEC Scholar

Flexible Track

• 40 hours of online and in-person training at your own pace each academic year.
• 40 hours of experiential training in rural and/or urban underserved areas each academic year.

Intensive Track

• 40 hours of in-person training during a one week workshop (must attend the full week).
*Housing provided for the week if needed.
• 40 hours of experiential training in rural and/or urban underserved areas each academic year.
