

COVID-19 Resources

This page includes financial aid resources and information for students and families impacted by disruptions related to COVID-19.

Special Financial Circumstances

Undergraduate students who have experienced or whose families have experienced substantial changes in financial circumstances should contact the Financial Aid Office to request a re-evaluation of their federal financial aid application. All requests will be reviewed on a case-by-case basis. Please email the [Financial Aid Office](#) for more information.

Coronavirus Aid Relief and Economic Security (CARES) Act

In March 2020, Congress enacted the CARES Act and was signed into law. The CARES Act included funding to provide emergency grants to students. At this time, UNMC has exhausted the emergency grant funding. For information on how UNMC distributed the funds, please see our [CARES website](#).

Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA)

In December 2020, Congress enacted the CRRSAA and was signed into law. The CRRSAA requires that institutions prioritize students with exceptional need, such as students who receive Pell Grants, in awarding the Emergency Grants to students. In addition, the CRRSAA explicitly allows grants to be provided to students exclusively enrolled in distance education. These emergency grants may be used for any component of the student's cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care) or child care. Students may apply for assistance from this fund by following the instructions for the [CARES funds](#).

Student Health and Wellness

UNMC has [counseling and mental health](#) resources available for all students.

Emergency Rental Assistance (ERA) Program

The State of Nebraska is participating in the [Emergency Rental Assistance](#) Program. A program overview and the eligibility requirements can be found on their website.

Food Insecurity

The [Maverick Food Pantry](#) remains steadfast in its commitment to supporting dietary and personal hygiene needs of students, faculty, and staff at UNO and UNMC. For students studying at our other campus locations, please review the listing of [Food Pantry Resources](#) in your area.

SNAP Benefits for Students (COVID Relief)

A recent change in federal law has made some students temporarily eligible for the Supplemental Nutrition Assistance Program (SNAP). SNAP is a federal government program that provides nutrition benefits to qualified families. Under regular SNAP rules students enrolled in college at least half-time are typically ineligible. However, the recently passed Consolidated Appropriations Act temporarily expands SNAP eligibility to include students who either:

1. Are eligible for work-study during the regular academic year, or
2. Have an Expected Family Contribution (EFC) of \$0 in the current academic year.

This temporary expansion will expire 30 days after the COVID-19 public health emergency is lifted. For additional information, please visit the SNAP page through the [Nebraska Department of Health and Human Services \(DHHS\)](#). Students may apply for assistance through [AccessNebraska](#).

Note: You may be asked to document your eligibility for Federal Work Study (FWS) and/or \$0 EFC status. You can document FWS eligibility by taking a screenshot of your financial aid award screen in MyRecords or document your EFC by downloading your Student Aid Report (SAR). Please follow these [instructions](#) for downloading your SAR.
