

FALL 2025

International Student Programming

UNMC Office of Global Engagement

From Arrival to Career

International Student Support at UNMC

All programming is tailored to one or more specific groups of students. Each event has a symbol that signals the group that will find this most helpful. **However, this does not limit who can attend each event.**

Each event type is designed to support you at different points in your student journey; from before you arrive to preparing for your professional future. Throughout this document, you'll see the following symbols used to indicate the type of event represented.

Symbol	Meaning
	International Student Orientation These events are tailored toward students who are new to the UNMC campus.
	First-Year Club These events are designed especially for students in their first three semesters. All international students are welcome to attend, with priority given to newer students when space is limited.
	Professional Development These events support students who are advanced in their program of study and want to learn more about optimizing their professional profile and job search.
	International Education These are activities that strengthen our international community and help students learn about culture, education and internationalization.

From Arrival to Career

International Student Support at UNMC

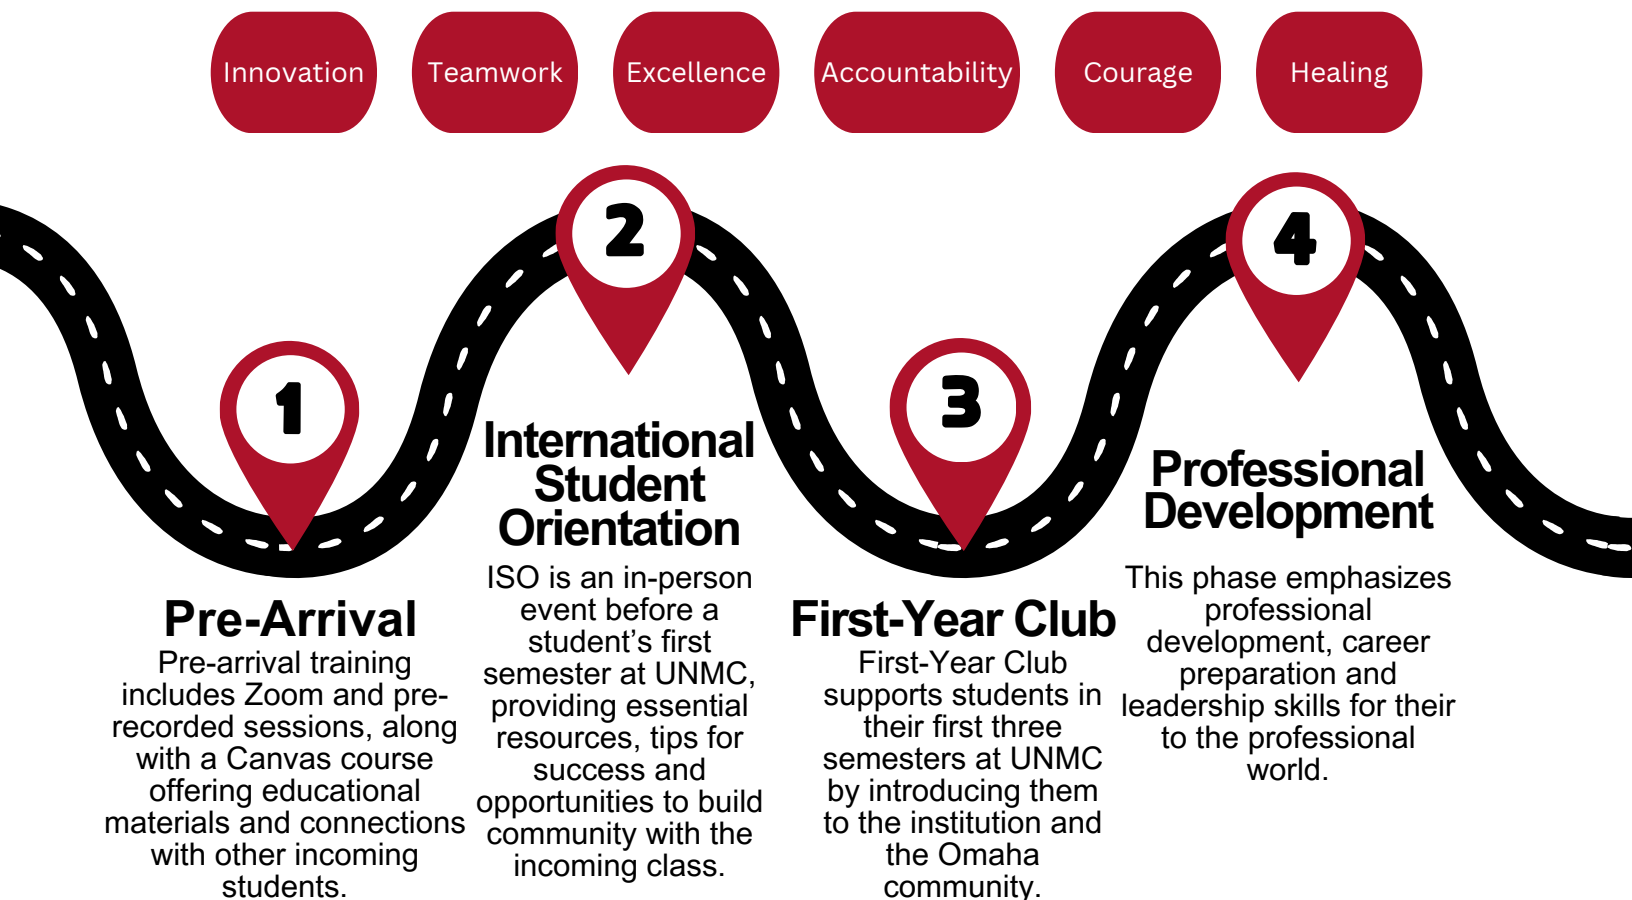

This graphic outlines the four key phases of international student support at UNMC and serves as the guiding framework for all programming offered by the Office of Global Engagement. Each phase highlights competencies that are linked to the UNMC ITEACH values.

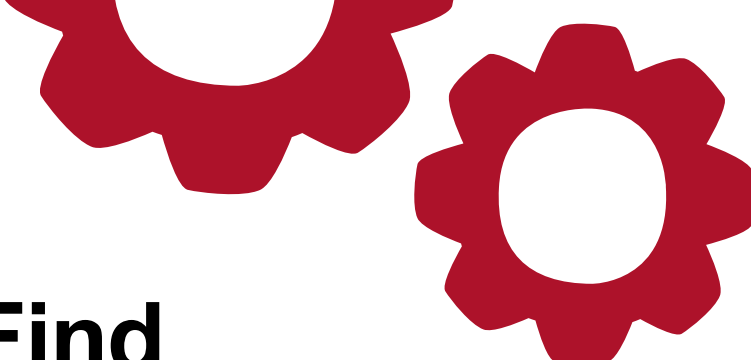

Learn more about ITEACH values here:

Find programming that works for you!

International Insider Newsletter

International Insider is our monthly newsletter, delivered from August through May, designed to keep international students informed and connected. Each issue features upcoming events, important announcements and registration links, making it your go-to guide for staying involved with the UNMC international community.

Watch your email inbox on the last business day of each month. The newsletter goes out to all international students. If you aren't receiving our newsletter, check your junk mail.

ENGAGE

ENGAGE is UNMC's central hub for student involvement, where you can explore student organizations, discover upcoming events, and get connected to campus life. Be sure to check out and join these key groups for international students:

- **Office of Global Engagement** – Stay updated on programs, resources and support for international students.
- **First-Year Club** – Designed to help students in their first three semesters feel connected and confident at UNMC.
- **International Student Association (ISA)** – A vibrant student-led group that celebrates global cultures and fosters community.

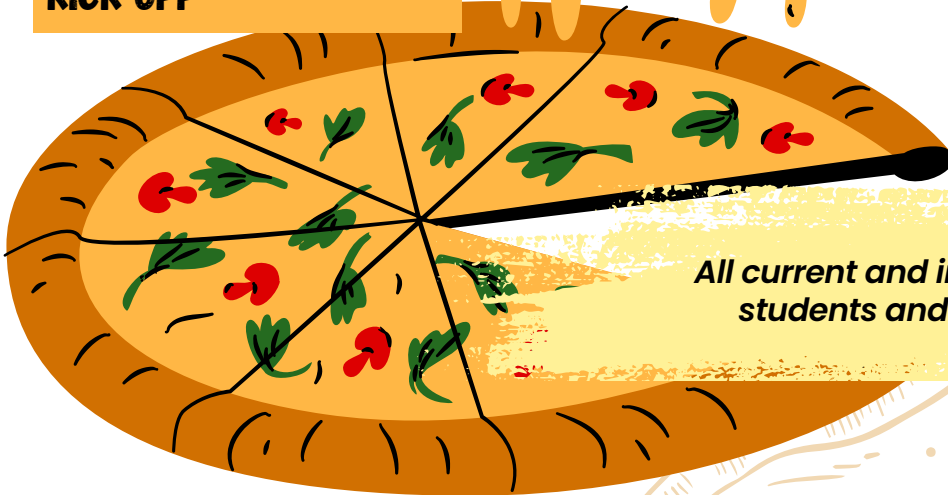

Log in to [ENGAGE](#) to join these groups and explore all the opportunities waiting for you!
