Students at the winter Graduate Studies honors convocation

Students honored at winter convocation event

UNMC Graduate Studies honored nine soon-to-be master's graduates and 34 Ph.D. candidates at its recent winter honors convocation. [Read more \[r20.rs6.net\]](#).

A message from the dean

Welcome to the latest issue of Graduate Posts.

Winter may still be lingering, but things are really heating up in Graduate Studies. We have a variety of upcoming events planned for the professional development of our students. These types of training have historically proven to be some of the most popular sessions we offer, with venues normally filled to capacity. Additionally, we are continuing to enroll record numbers of students in interdisciplinary training programs, one of which is detailed in this issue.

I want to extend a personal congratulation to Dr. Pamela K. Carmines for recently receiving the UNMC Visionary Leadership in Education award. Her outstanding achievements as an educator and leader extend far beyond teaching in the classroom and the research laboratory, and she remains a driving force of inspiration across campus.

Finally, I would like to congratulate all the students who graduated in December. It was truly an honor to celebrate your significant accomplishments during our Graduate Studies Honors Convocation ceremony.

H. Dele Davies, M.D.
Dean, Graduate Studies

From left, Dele Davies, M.D., vice chancellor for academic affairs. Pamela Carmines, Ph.D., and Chancellor Jeffrey P. Gold, M.D., at the Impact in Education Awards.

Dr. Carmines honored at Impact in Education Awards

Pamela Carmines, Ph.D., was one of the recipients of the Office of Academic Affairs' 2019-20 Impact in Education Awards. She received the Visionary Leadership in Education Award. [Read more. \[r20.rs6.net\]](#)

Laura Bilek, Ph.D.

New program in health practice, medical education research

UNMC Graduate Studies is offering a new Health Practice and Medical Education Research (HPMER) doctoral program to support two growing scholarly areas of interest within the Medical Sciences Interdepartmental Area (MSIA). [Read more. \[r20.rs6.net\]](#)

UNMC students' video wins national contest

Two UNMC graduate students produced the national first-place winner in The Science Coalition's inaugural Fund It Forward Student Video Challenge. [Read more. \[r20.rs6.net\]](#)
