

Key Takeaways:

- COVID-19 vaccines are recommended for everyone 6 months and older. Several COVID-19 vaccines now available: Novavax, and J&J.
- Bivalent boosters provide added protection against Omicron variant and are authorized for use for everyone 12 years and older.
- Influenza vaccine is also recommended and can be co-administered with any COVID-19 vaccine.
- Microaggressions are the everyday verbal, nonverbal, and environmental slights or insults, whether intentional or unintentional, that communicate hostile, derogatory, or negative messages to target persons based solely upon their marginalized group membership.
- Microaggressions can and should be addressed by a bystander or the person experiencing them.
