Focus on Users

- Updated the library's website in response to a usability study conducted by the library's Web Committee.
- With INBRE-sponsored site license, the library began offering EndNote across campus. Library staff provided installation and training support.
- Expanded library hours during week of finals.
- Implemented an option in our online catalog where patrons can look up which items they have checked out, see an item's due date, and renew items online. We also updated icons in the catalog to improve usability.
