WOUND HEALING
The State of the Science

Thursday, Nov. 11
noon to 5 p.m.

Friday, Nov. 12
Registration: 7 to 8 a.m.
Program: 8 a.m. to 5 p.m.

Qwest Center Omaha
455 North 10th Street
Omaha, NE 68102

Each participant will receive a complimentary copy of the new
International Guidelines on Pressure Ulcer Prevention and Treatment
(retail value $110)

Sponsored by:

[Logos of sponsoring institutions]
TARGET AUDIENCE
Physicians, nurse practitioners, nurses, physician assistants, dietitians, physical therapists, healthcare administrators, and other healthcare professionals interested in wound care healing

OVERVIEW
Wound healing, especially pressure ulcers, represents a major area of emphasis for today’s hospital staff. Patients with wounds consume extensive staff and financial resources in ongoing wound care and management of co-morbid conditions. This symposium brings together some of the leading professionals in the area of pressure ulcers and wound management to discuss the latest guidelines in pressure ulcers and other issues in wound care including management of fistulas, prevention of shear, biofilms and palliative care.

OBJECTIVES
At the conclusion of the symposium, the participant should be better able to:
• Identify methods to diagnose and treat wounds commonly managed in primary care settings
• Describe methods to improve risk assessment for and prevention of pressure ulcers
• Describe potential processes to implement the new International Guidelines for Pressure Ulcers

The Skin Wound Advisory Team (S.W.A.T.) is a multi-disciplinary committee that aims to provide evidence-based education and policy to create a continuous quality improvement environment where practitioners are empowered to provide optimal skin care. The efforts of S.W.A.T. and the nurses at The Nebraska Medical Center have led to The Nebraska Medical Center being named an IHI Mentor Hospital for pressure ulcer reduction.
EVENT INFORMATION

LOCATION
Qwest Center Omaha
455 N 10th Street
Omaha, Neb. 68102

PARKING
Qwest Center Omaha surface parking lots are located on both the east and west side of 10th Street across from and north of the Qwest Center Omaha. The cost of surface parking is $8 to be paid in cash when entering the parking lot. This fee does not allow for in-and-out privileges. Two complimentary parking vouchers will be included in your confirmation letter; one for each day.

REGISTRATION AND FEES
The fee for this symposium includes scientific sessions, handouts, breaks, lunch, continuing education credit, a complimentary copy of the new International Guidelines on Pressure Ulcer Prevention and Treatment as well as parking.

Register before Nov. 8 and pay only $75 for Thursday, $150 for Friday or $225 for both days.

Register after Nov. 8, and pay $100 for Thursday, $175 for Friday or $275 for both days.

Registration at the door will be available if space permits; however handout material cannot be guaranteed unless you have pre-registered by November 8.

CANCELLATIONS
Fees paid will be refunded less a $25 processing fee if notice is received in writing by Nov. 8.

Fees may be transferred to another person for this symposium only.

CONTINUING MEDICAL EDUCATION CREDIT
The University of Nebraska Medical Center, Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing education for physicians.

The University of Nebraska Medical Center, Center for Continuing Education designates this educational activity for a maximum of 11.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

4.5 nursing contact hours will be provided for Thursday

7.0 nursing contact hours will be provided for Friday

The Nebraska Medical Center is an approved provider of continuing nursing education by the Nebraska Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

Nurses must be able to attend the entire presentation to receive contact hours. No partial credit will be provided.

This symposium has been approved for 11.5 Level II continuing professional education units (CPEUs) by the commission on Dietetic Registration, American Dietetic Association.
