GRADING INFORMATION

These courses are equivalent to those offered to the first year medical students at the University of Nebraska Medical Center. The credit hours for each course or subunit are listed on the first page. Students are responsible for obtaining, in advance, consent from the administration of their schools to enroll in the course if the course is being taken for credit. Final course scores will be derived from the compilation of individual examination scores, including multiple choice questions and practical examination questions. The Course Directors reserve the right to upgrade a student's scores, if appropriate. Under no circumstances will a student's scores be reduced. Grading shall be no stricter than the following scale:

A = 90% and above.
B = 80% - 89%
C = 70% - 79%
D = 60% - 69%
F = Less than 60%

Appropriate administrators will be supplied with the above grading scales so that they can assess student achievement. Addresses for the mailing of transcripts, to both the appropriate administrator and to the student concerned, are processed at the time of registration. Grades will be sent to the appropriate authority and to the student's home address as soon as possible after the conclusion of the course.
