The theme of PGSRM’12 is ‘Translational research in drug delivery’ & it aims to initiate professional networking between the students for their future endeavours in the field of Pharmaceutical Sciences. The meeting focuses on a wide range of areas such as Pharmaceutics, Pharmaceutical analysis, PK/PD, Pharmacology/biotechnology and Pharmaceutical/medicinal Chemistry. The success of the previous editions is an evidence of the importance associated with the PGSRM and we, the hosts of this 44th edition look forward to your continued support and participation.

Deadline for submission of abstracts for poster or podium presentation competition: May 15, 2012
