### POSTNATAL TESTING SERVICES

**Indication-Specific Gene Panel**

**INDICATION:** Connective Tissue Disorders

- blood \ extracted DNA
- buccal mucosa swab \ extracted DNA

1. **GENE PANEL (Sequencing and Del/Dup)**
   - CPT Code: 81407
   - Description: Molecular Pathology Procedure, Level 8
   - Unit: 2
   - CPT Code: 81228
   - Description: Cytogenetic Constitutional Microarray analysis (copy number)
   - Unit: 1

2. **ONLY Next Generation Sequencing (NGS)**
   - CPT Code: 81407
   - Description: Molecular Pathology Procedure, Level 8
   - Unit: 2

3. **ONLY Deletion/Duplication Analysis**
   - CPT Code: 81228
   - Description: Cytogenetic Constitutional Microarray analysis (copy number)
   - Unit: 1

4. **FOLLOW-UP panel (performed after negative results from Cutis Laxa, EDS, or Stickler panel)**
   - CPT Code: 81408
   - Description: Molecular Pathology Procedure, Level 9
   - Unit: 1
   - Description: Cytogenetic Constitutional Microarray analysis (copy number)
   - Unit: No Charge
