

Keep Calm using NNRC Resources

NIH Highlights... NIH will issue new "FORMS-E" grant application packages and instructions for due dates on or after January 25, 2018. One important change is a new Human Subjects and Clinical Trials information form. Stay tuned for more!

UNMC's F&A rate (indirect cost rate) changed July 1 to 51.5% and will go up in 2018 to 52.5%. NIH salary cap has been raised to \$187,000.

Applicants proposing the use of established key biologicals and/or chemical resources will need to include a plan to authenticate the resources. See NOT-OD-17-068 for detailed information.

IMPORTANT NIH Change for Clinical Study Applications

NIH has issued a notice of change for Investigator-Initiated Clinical Studies (also known as the Parent Funding Opportunities). Many institutes are no longer accepting clinical studies. Check your FOA carefully and contact the Program Officer prior to submission.

Using Electronic Health Data for your research study?

Effective July 1, there will be a charge. Contact the NNRC for a cost center for your request form.

2 CON Research Awards Available

\$10,000 Seed Research Award & a \$5,000 Leininger Qualitative Transcultural Nursing Research Award. Deadline for applications - November 17, 2017. Application materials are available on the NNRC website (address listed on the right) or from Barbara Hoover-Schultz.

MNRS Seed Grant Available – \$10,000

MNRS New Investigator Grant Available - \$10,000

MNRS Dissertation Research Grants Available - \$2,500

<https://www.mnrs.org/research-amp-awards/grant-opportunities/grant-opportunities> Applications Due: October 31, 2017

Did you know...

The NNRC processed 55 grant applications in FY 2016-2017 for a total of \$23,941,778!

We have been experiencing longer than usual delays in getting new positions and requests for gift cards approved. Make your requests early!
