

Important Changes to NIH & AHRQ Applications

Rigor and Transparency

In your Research Strategy (both Significance and Approach Sections), describe the strengths and weaknesses of published research and your proposed experimental design. Specifically, justify the use of specific designs and biologic variables to be used.

New Required Document: Authentication of Key Biological and/or Chemical Resources. List each key biological and/or chemical resource to be used and methods you have used to ensure their identity and validity.

New Gift Card Policy

- All requests for gift cards must be approved by the Controller's Office.
- Request only enough to distribute over three months.
- Distribution logs must be turned in on a monthly basis.
- A copy of your IRB application and approval letter is required at the time of request.
- Faculty or staff members will no longer be reimbursed for the purchase of gift cards.

Contact Barbara Hoover-Schultz or Carol Meyer to request gift cards.
