

Speaker Profile: Hilary A. (Abbie) Raikes, PhD

“Population-level Monitoring of Infant/Toddler Development: The World Health Organization’s Global Scale for Early Development”

October 20, 2020

Dr. Raikes is an associate professor and director of Global Early Childhood Development in the Department of Health Promotion at the UNMC College of Public Health in Omaha, Nebraska.

Her research interests include early childhood development, especially in low- and middle-income countries and in high-risk populations in the United States; quality of children’s learning environments, with emphasis on preschool programs; measurement of child development and quality of learning environments; and use of data to build, implement and improve early childhood programs and policies.

Dr. Raikes received her Master of Public Health from Columbia University in New York, New York and her Doctorate in Developmental Psychology from University of Nebraska-Lincoln in Lincoln, Nebraska.
