The University of Nebraska Medical Center
Department of Orthopaedic Surgery and Rehabilitation Report
2002-2003

Table of Contents

Message from the Chair ........................................ 1
UNMC Department of Orthopaedic Surgery and Rehabilitation: General Information ................. 4
  Faculty Roster .................................................. 6
  Residency Training Program .................................. 10
  2004 Incoming Residents and 2004 Graduating Residents ........................................... 31
  List of Orthopaedic Surgery Alumni ...................... 13
  U.S. Map of Alumni Distribution .......................... 13
  Tribute to Dr. L. Thomas Hood, Founder of the Orthopaedic Residency Training Program .... 34

Department Research at the Scott Technology Transfer and Incubation Center ........... 15
  Nano-Biotechnology Laboratory ......................... 15
  Profile of Walter and Suzanne Scott .......... 16
  Biomechanics Laboratory .................................. 17

Selected Scientific Abstracts

1. “Metal augments in revision knee arthroplasty: a hindrance or a helper?”
   Scovone, SR; Lauder, AF; Haider, H; Sekandari, Y; Garcia, RL ................................. 38

2. “Ewing sarcoma/primitive neuroectodermal tumor of the chest wall: impact of initial versus delayed resection on tumor margins, survival, and use of radiation therapy.”
   Scharlach RG; Lui Qiu Jia MD; Goebelle MD; Neff TE; Earle HW; Marcus RC; Sailer SL;
   Wiener RL; Morey JL; Dicker DM; Postman EJ; Davidson M; Lindner MS; Kratochvil MC; Gries RE
   Grammatikos L ................................................. 19

   Epstein, PW .................................................. 21

4. “The importance of degrees of freedom when measuring the constraint of total knees.”
   Haider, H; Walker, PW; Wiener, RL; Garcia, RL .................................................. 22

5. “The relationship of proximal locking screws to the axillary nerve during antegrade humeral nail insertion of four commercially available implants.”
   Prince, S; Bower, H; Feiring, EF; Mierkowicz, MA ......................................... 25

6. “Progression of scoliosis in patients with spinal quadriplegia after the insertion of an Intrathecal Bichafen Pump.”
   Lauder, AF; Ginsburg, GM ........................................ 27

7. “PCR rapidly detects methicillin-resistant Staphylococcus aureus periprosthetic infection.”
   Takkin PP, Hsiung TY, Fein PL, Dorn PC, Horvitz MO, Garcia RL .................................. 29

8. “Inter- and intraraterer reliability of two classification systems for intra-articular calcaneus fractures.”
   Lauder, AF; Iida, DH; Binn, A; Fengblom, T; Mierkowicz, MA ................................. 31
   Wilson, N; Scherf, SA; Gueguens, AP; Cramm, KE ........................................... 33

10. "Self-powered computers within prosthetic joints— is it time?"
    Haidukewych, DG; Platt, SA; Farrior, SM; Guerin, KL ......................................... 33

    Adelowo PA; Benavente EA; Thompson TP; Tran M; Nystrom NA .................................. 34

12. "The long gamma nail: outcomes and complications."
    Urban, JA; Marmion, MA; Tarkin, JS; Swanson, S; Kaufman, S; Knights, R .................. 40

    Mehlau, DP; Tarkin, J; Mahoney, CR; Guerin, KL .................................................. A2

    Clare, M and Sandberg, R ................................................................................. 44

15. "Characterizing the functional improvement after total shoulder arthroplasty for osteoarthritis."
    Fehring, EV; Koppes BJ; Bowman, RS; Churchill, RS; and Matava, FA III ................. 46

Visiting Scholars 2002-2003 .................................................................................. 48

Minimally Invasive Surgery Symposium 2004 ..................................................... 49

Profile of Dr. Wayne Ryan: Researcher, Faculty Member, Entrepreneur, Patient, and Drummer ........................................................................................................... 50

Honor Roll of Contributors 2002-2003 Calendar Years .................................... 51

Grants, Funds, and Endowments: Lighting the Spark of Medical Education, Scientific Innovation, and Patient Care .................................................. 52

The Department of Orthopaedic Surgery Development Fund .................................. 52

The Lied Trust and Christina Hixson: Legacy of Generosity .................................. 53

Faculty Activities .................................................................................................. 54

Department Life Photos ....................................................................................... 60
