To place an order, please log in to [Stratocore](#). Available services and pricing will be displayed based on your registered account type and user affiliation.

If you have any questions regarding services, pricing, or account access, please contact the Institutional Biospecimen Bank at IBB@unmc.edu.

BIOINFORMATICS SUPPORT

Service	Internal	External Academic	Industry	Unit
Additional annotation of specimen characteristics (no HIPPA information)	\$10.00	\$12.00	\$30.00	per specimen
Pathologist-directed biobank specimen inventory search	\$75.00	\$90.00	\$225.00	per search
Pathologist-directed clinical specimen identification	\$150.00	\$180.00	\$450.00	per search

CLINICALLY ARCHIVED BIOSPECIMENS

Service	Internal	External Academic	Industry	Unit
Main campus retrieval (slides or blocks)	\$20.00	\$24.00	\$60.00	per case
Annex 22 retrieval (slides or blocks)	\$50.00	\$60.00	\$150.00	per case
Iron Mountain retrieval (slides or blocks)	\$75.00	\$90.00	\$225.00	per case

CORE LAB ANALYSIS

Service	Internal	External Academic	Industry	Unit
Core lab testing of research samples - sample delivery and data management	\$29.00	\$34.80	\$87.00	per event
Core lab research testing of research samples - sample accession in Beaker software plus cost of analysis	\$12.00	\$14.40	\$36.00	per sample

EQUIPMENT

Service	Internal	External Academic	Industry
1 rack in - 80°C (up to 20 boxes) - freezer with preventative maintenance	\$40.00	\$48.00	\$120.00
1 rack in - 80°C (up to 20 boxes) - long-term research storage	\$20.00	\$24.00	\$60.00

IBB BIOSPECIMEN RETRIEVAL

Service	Internal	External Academic	Industry	Unit
Deidentified biobanked specimen, controlled				

Effective 7/1/2026 – Subject to Change Without Notice

Acquisition and processing times e.g., FFPE block or snap frozen solid tumor	\$58.00	\$69.60	\$116.00	per sample
Deidentified freshly biobanked specimen (serum, plasma, or whole blood)	\$42.00	\$50.40	\$84.00	per aliquot
Anonymized discarded biobanked specimen (serum, plasma, or whole blood)	\$10.00	\$12.00	\$30.00	per sample
Viably frozen solid tumor specimen, controlled acquisition and processing times	\$132.00	\$158.40	\$396.00	per sample

BIOSPECIMEN COLLECTION & PROCESSING

Service	Internal	External Academic	Industry	Unit
Biospecimen acquisition and transport - main campus	\$21.00	\$25.20	\$63.00	
Additional of CryoStor reagent for viable cell freezing	\$12.00	\$14.40	\$36.00	per sample
Cell count and dilution before freezing	\$30.00	\$36.00	\$90.00	per sample
Biospecimen processing - low complexity e.g., centrifugation, no aliquoting	\$21.00	\$25.20	\$63.00	per collection event
Biospecimen processing - medium complexity e.g., generation of plasma or serum, solid tissue aliquoting tissue into multiple tubes	\$42.00	\$50.40	\$126.00	per collection event
Biospecimen processing - high complexity e.g., PBMC isolation (no CryoStor), single cell isolation from solid tissue	\$120.00	\$144.00	\$360.00	per collection event

PATHOLOGIST PROFESSIONAL SERVICES

Service	Internal	External Academic	Industry	Unit
Non-collaborating pathologist professional services e.g., slide review & block selection, tumor scoring	\$56.25	\$67.50	\$168.75	

PROJECT INTAKE AND SUPPORT

PROSPECTIVELY BIOBANKED BIOSPECIMENS

Service	Internal	External Academic	Industry	Unit
Intraoperative sterile fresh tissue procurement	\$300.00	\$360.00	\$900.00	per case
Prospective client-directed blood collection from OR - no processing - direct to lab	\$100.00	\$120.00	\$300.00	per case
Prospective fresh tissue collection - direct to lab - - tumor or normal only	\$72.00	\$86.40	\$216.00	per case
Prospective fresh tissue collection - direct to lab - - tumor with matched normal	\$122.00	\$146.40	\$366.00	per case
Specimen registration and accession into LIMS	\$10.00	\$12.00	\$30.00	per sample

WET LAB PROCEDURES

Service	Internal	External Academic	Industry	Unit
DNA extraction (buccal swab, fresh frozen tissue, saliva, whole blood)	\$45.00	\$54.00	\$135.00	per sample
RNA extraction (buccal swab, fresh frozen tissue, saliva, whole blood)	\$45.00	\$54.00	\$135.00	per sample
