

ABSTRACT SUBMISSION GUIDELINES

The presenting author is required to attend the ICG+P Meeting 2022. The presenting author should be the submitter of the abstract.

All abstracts must be submitted via the online abstract submission system using the following guidelines. Abstracts should be uploaded as a PDF file.

Abstract must be in their final state, which will be reproduced from the online submission, so any errors will be printed as submitted. All listed authors must be in agreement of submitted work.

Accepted abstracts will be published in the conference book and made available to all registered participants in printed and electronic form.

Language

English

Font

Arial typeface

Black color

11 points size

Standard sentence capitalization – no ALL capitalization

Title

Should be concise, but there is no maximum character limitation

One paragraph maximum

Text only – no graphics

Justified text

No headers

No references or acknowledgements of financial support

Receipt of Abstract

The abstract submission system will provide a confirmation page as soon as you complete the submission process.

Keep this for your files.

Selection

The ICG+P executive committee will make every effort to give oral presentations to investigators who have requested this format. However, preference for oral presentations will be given to pre- and post-doctoral trainees and selected junior faculty. The preliminary program will be available on the conference web site the week of September 5th, 2022.

Presentations

Oral presentations should be organized as 15-minute lecture with a 5-minute question and answer session. Posters should be no more than 4' x 3'.
