

2010 Research Innovation Awards

Each year UNeMed holds their Research Innovation Awards ceremony, recognizing significant and ongoing contributions of UNMC faculty and staff as creators of novel technology. Our faculty, staff, and students were amongst those who were honored during the 2010 event.

Drs. Steve Carson, Nora Chapman, Paul Dunman, Timothy Greiner, Steven Tracy, and Guangshun Wang were acknowledged for their notification of new invention to UNeMed. Dr. Rakesh Singh along with his research team, Kalyan Nannuru and Michelle Varney, were also recognized in this category. Inventors for issued patents included Dr. Paul Fey for his work, "Clinical Strain Isolates of *Staphylococcus Epidermidis*."

We offer our congratulations to all of the above mentioned for their achievements in research.
