Charles Drew is dedicated to providing quality comprehensive health care in a manner that acknowledges the dignity of the individual, the strength of the family, and the supportive network of the community.

**Partner organization's point of contact name and email:** [Michele.Diehm@charlesdrew.com](mailto:Michele.Diehm@charlesdrew.com)

**Description of partner organization's priority opportunities (APEX activities):**

- Implement social needs screenings for Charles Drew patients utilizing the Charles Drew modified PRAPARE tool
- Data entry and analysis of social needs screenings
- Program and process evaluation for screenings and referrals

**Timeframe of proposed activities:** Spring, Summer, or Fall semesters

**Benefit of proposed activities to partner organization:**

This partnership would allow for expansion of the social needs screenings program. The data analysis will provide opportunity to propose increased support of the social determinants of health programs.

**Benefit of proposed activities to the student:**

This partnership will provide the student with a unique opportunity to participate in the daily work of a federally qualified health center. It will expand their knowledge of social determinants of health and community needs, as well as the programs currently underway to address SDOH issues. This partnership will also provide the opportunity for input from the student for program and process evaluation.

**Skill sets of students requested:**

Knowledge of HIPAA regulations and electronic health record use is preferred.

\*Note—An affiliation agreement will be required prior to student engagement
