

CS-CASH Internal Coalition Effectiveness (ICE©) Survey 2020

ICE© measures the organizational effectiveness of a network or coalition. The instrument was adapted to assess the functioning of the Central States Center for Agricultural Safety and Health (CS-CASH). The goal is to have information that we can act on for continuous quality improvement.

There are 18 items associated with effective coalitions. Please rate your level of agreement with how well CS-CASH leadership and governance functions to achieve these metrics.
