

2024 TRACTOR & EQUIPMENT SAFETY TRAINING

MARK YOUR CALENDAR! COST: \$40

Federal law prohibits children under 16 years of age from using certain equipment on a farm unless their parents or legal guardians own the farm. However, certification received through this course grants an exemption to the law allowing 14- and 15-year-olds to drive a tractor and to do field work with certain mechanized equipment. Certification is earned by completing a Hands-On Safety Day with written test (Certification Day 1), then completing the Tractor and Equipment Safety Training with driving exam (Certification Day 2). Successful completion of a Certification Days 1 and 2 will result in certification for 14 and 15 year old youth to be employed on farms and ranches.

Youth under 14 years of age can attend Certification Day 1 **if accompanied by an adult**. They will not be able to drive equipment, attend Day 2, or become certified. Students under 14 must still register, but will not be charged the registration fee.
