

# FarmResponse<sup>®</sup> Online Learning

*FarmResponse* is a 3.5-hour continuing education module developed by national experts from the AgriStress Response Network.

**AgriSafe's *FarmResponse* course provides the full range of competencies necessary to provide appropriate mental healthcare for agricultural producers and their families. This knowledge is critical for a wide range of healthcare professionals to effectively care for a farmer's total health.**

**The topics covered in *FarmResponse* include:**

- The Total Farmer Health Model
- AgriBusiness Factors Impacting Mental Well Being
- Agriculture Work Factors
- Family Dynamics
- Agrarian Culture and Values
- Special Populations
- US Agricultural Producer Demographics
- Agricultural Community Healthcare Challenges
- Opioids and Alcohol Issues in Agriculture
- Suicide and Agriculture
- Resources and Referrals

**Learners can earn a digital badge to acknowledge their accomplishment and dedication to serving the unique healthcare needs of the agricultural community!**
