

## Become a Standardized Patient / Simulated Participant (SP)

**YOU can impact the future of healthcare and community wellbeing!**

### What does an SP do?

- SPs are trained to act as a patient, family member, fellow professional, or community member in a training simulation for medical or government institutions.
- Trainees work with SPs to navigate complex situations they will encounter in their profession while honing their communication and critical thinking skills.
- SP events typically last a few hours and take place Monday - Friday between 8:00am - 5:00pm.

**Part-time  
opportunity!**

### Perks

**Great side job with flexible hours**  
**Free bus pass for work on UNMC campus**  
**Virtual and in person events**
