**Notice of Legislative Mandates in Effect for FY 2017 (NOT-OD-17-075) – 06/09/2017**  
<https://grants.nih.gov/grants/guide/notice-files/NOT-OD-17-075.html>

**Salary Limitation (Section 202)**

- Amount of direct salary restricted to Executive Level II
  - Effective 01/08/2017, Executive Level II = \$187,000

---

---

---

---

---

---

---

---

---

---

**Ruth L. Kirschstein National Research Service Award Stipends, Tuition/Fees and Other Budgetary Levels Effective for FY2017 (NOT-OD-16-072) – 06/22/2017**  
<http://grants1.nih.gov/grants/guide/notice-files/NOT-OD-17-072.html>

- Stipends
  - Pre-doc \$23,844
  - Post-doc \$47,484 - \$58,560 (0 - 7+ years)
- Tuition and Fees
  - Pre-doc
    - 60%, up to \$16,000
    - 60%, up to \$21,000 *if enrolled in a dual-degree program*
  - Post-doc
    - 60%, up to \$4,500
    - 60%, up to \$16,000 *if enrolled in a formal degree-granting program*
- Training Related Expenses (Ts) / Institutional Allowance (Fs)
  - Pre-doc \$4,200
  - Post-doc \$8,850

**Reminder: Authentication of Key Biological and/or Chemical Resources (NOT-OD-17-068) – 05/31/2017**  
<https://grants.nih.gov/grants/guide/notice-files/NOT-OD-17-068.html>

- Established reagents or resources that might
  - Differ between laboratories or over time
  - Vary in qualities or qualifications that could impact the research data
  - For example, cell lines, specialty chemicals, antibodies, or other biologics

---

---

---

---

---

---

---

---

---

---

**Reminder: Authentication of Key Biological and/or Chemical Resources** (NOT-OD-17-068) – 05/31/2017  
<https://grants.nih.gov/grants/guide/notice-files/NOT-OD-17-068.html>

Examples

- Description of method used to verify the identity and purity of the cell lines, including short tandem repeat (STR) profiling and mycoplasma testing
- Description of method used to validate the key chemicals, including liquid or gas chromatography or mass spectrometry
- Description of method used to confirm the genome modification for a genetically modified animals or cells, including PCR amplification or Southern blot

---

---

---

---

---

---

---

---

---

---

**Reminder: Authentication of Key Biological and/or Chemical Resources** (NOT-OD-17-068) – 05/31/2017  
<https://grants.nih.gov/grants/guide/notice-files/NOT-OD-17-068.html>

Do not include:

- Authentication of data sets, databases, machinery, or electronics
- Plans for the development of new key biological and/or chemical resources
  - This would be described in the Research Strategy
- Plans for authentication of standard laboratory reagents not expected to vary
  - E.g., buffers
- Authentication data
  - The attachment should describe the method, not include the data

---

---

---

---

---

---

---

---

---

---

**Reminder: Authentication of Key Biological and/or Chemical Resources** (NOT-OD-17-068) – 05/31/2017  
<https://grants.nih.gov/grants/guide/notice-files/NOT-OD-17-068.html>

Do I need to include an "Authentication of Key Biological and/or Chemical Resources" attachment?

<https://grants.nih.gov/reproducibility/faqs.htm#5035>

- If the Research Strategy doesn't propose use of key biological and/or chemical resources, then you may attach a brief statement indicating that no key biological and/or chemical resources will be used

---

---

---

---

---

---

---

---

**Additional Change to the NIH/AHRQ/NIOSH Policy on Post-Submission Materials** (NOT-OD-17-066) – 05/30/2017  
<https://grants.nih.gov/grants/guide/notice-files/NOT-OD-17-066.html>

For applications submitted for due dates on or after September 25, 2017

- **New:** Citations of issued patents
  - *Smith, Samuel S., and John J. Jones. Method of citing issued patents. US Patent #,###,###, filed December 31, 2015, and issued December 27, 2016.*
- Revised budget pages, due to new funding or acquisition of equipment
- Biographical sketches, due to hiring, replacement, or loss of investigator
- Letters of support, due to hiring, replacement, or loss of an investigator
- Adjustments resulting from natural disasters
- Adjustments resulting from change of institution
- News of professional promotion or positive tenure decision for key personnel
- Approval by the NIH Stem Cell Registry of a human embryonic cell lines
- Videos (see NOT-OD-12-141)
- News of an article accepted for publication:
  - List of authors and institutional affiliations
  - Title of the article
  - Journal or citation (if available)
- Other post-submission materials specified in the FOA or in a special Notice

---

---

---

---

---

---

---

---

---

---

---

---

**Additional Change to the NIH/AHRQ/NIOSH Policy on Post-Submission Materials** (NOT-OD-17-066) – 05/30/2017  
<https://grants.nih.gov/grants/guide/notice-files/NOT-OD-17-066.html>

- Must be received by Scientific Review Officer no later than 30 calendar days prior to the peer review meeting
- Must be sent by or include concurrence from Authorized Organization Representative
- Will be uploaded into the Commons

**COGR Letter to Mulvaney and Price Objecting to NIH and F&A Budget Cuts – 06/12/2017**  
<http://www.cogr.edu/sites/default/files/MulvaneyPriceCOGRLetter3.pdf>

1. *The current system for reimbursing F&A is relatively effective both for institutions and the federal government*
2. *The Gates Foundation model, by reimbursing costs that normally are F&A costs as direct costs, as well as applying F&A to the full cost of the award (including these direct costs), is a unique model that would be challenging for NIH to implement and is unlikely to result in cost savings*
3. *While we strongly oppose the proposed cuts to research through reductions in F&A reimbursement or otherwise, any change to the current system should be delayed for at least two years until responsible due diligence is engaged*

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

**C.1. Publications**

Are there publications or manuscripts accepted for publication in a journal or other publication during the reporting period resulting directly from the award?

NIH Public Access Policy applies to manuscripts that are

- Peer reviewed
- Accepted for publication after 04/07/2008
- Directly resulting from NIH funding
- Originally published in Latin script

---

---

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

**C.1. Publications**  
Are there publications or manuscripts accepted for publication in a journal or other publication during the reporting period resulting directly from the award?

NIH Public Access Policy requires that

- Manuscripts be deposited in PubMed Central upon acceptance for publication, to be available in PubMed Central 12 months after the official publication date
- Publications reported on the RPPR have a PubMed Central #

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

**C.1. Publications**  
Are there publications or manuscripts accepted for publication in a journal or other publication during the reporting period resulting directly from the award?

- PubMed Central: Full article
- PubMed: Abstract

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

**C.1. Publications**  
Are there publications or manuscripts accepted for publication in a journal or other publication during the reporting period resulting directly from the award?

- RPPR can be submitted with "non-compliant" publications
- Publications must be brought into compliance before NOA will be released
  - NIH Manuscript Submission System experiencing delays

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

**C.1. Publications**  
 Are there publications or manuscripts accepted for publication in a journal or other publication during the reporting period resulting directly from the award?

Publications must be brought into compliance before NOA will be released

- A. Publisher automatically deposits directly into PMC
- B. Publisher will deposit directly into PMC if author arranges for it
- C. Publisher will deposit it via NIHMS if author arranges for it
- D. Author must deposit it via NIHMS

---

---

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

**C.1. Publications**  
 Are there publications or manuscripts accepted for publication in a journal or other publication during the reporting period resulting directly from the award?

Resources

- McGoogan Library of Medicine:  
[unmc.libguides.com/toolkit](http://unmc.libguides.com/toolkit)
- Grant SPAdmin access to My Bibliography in MyNCBI

---

---

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

**Participants**  
 D.1. What individuals have worked on the project?

- PI
- Each person who worked at least 1 person month (8.3%)

➤ Rounded to the nearest whole number

---

---

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

**Participants**

Postdocs, graduate students, and undergraduate students

- Commons ID required
  - SPAdmin creates Commons account
  - Individual completes profile information

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

Postdocs and graduate students

B.4. What opportunities for training and professional development has the project provided?

- State whether the institution has established Individual Development Plans for those participants
  - Describe how the IDP is used
  - Do not include the IDP

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

Postdocs and graduate students

UNMC uses IDPs

- Postdocs
  - [www.unmc.edu/postdoced/current/forms.html](http://www.unmc.edu/postdoced/current/forms.html)
- Graduate students
  - [www.unmc.edu/gradstudies/current/professional-development/idp.html](http://www.unmc.edu/gradstudies/current/professional-development/idp.html)

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

**Participants**

D.2.a. Will there be, in the next budget period, either

1. a reduction of 25% or more in the level of effort from what was approved by the agency for the PI or other senior/key personnel designated in the Notice of Award, or
2. a reduction in the level of effort below the minimum amount of effort required by the Notice of Award?

- Selecting “yes” constitutes a prior approval request
  - Other changes require a request sent in separately

---

---

---

---

---

---

---

---

---

---

**NIH Research Performance Progress Report (RPPR)**

G. Special Reporting Requirements

- G.10.a Is it anticipated that an estimated unobligated balance (including prior year carryover) will be greater than 25% of the current year’s total approved budget?
  - If yes, provide the estimated unobligated balance.
- G.10.b Provide an explanation for unobligated balance.
- G.10.c If authorized to carryover the balance, provide a general description of how it is anticipated that the funds will be spent.
  - Grantees not authorized to carryover unobligated balances automatically must submit a prior approval request separately.
