

INFORMATION RELEASE FORM

In compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA) and University policy, an information release form needs to be signed by the student to authorize the University to release information to the designated person(s) listed.

This form must be filed by the student to share academic and financial information with a third party. FERPA rights apply once a student reaches the age of 18 or begin attending classes at the University. This form will be in effect until written notice is received to remove it.

Please note that while this form authorizes the University of Nebraska Medical Center to release education records to third parties, it does not obligate UNMC to do so.
