2024-2025 Special Circumstances Request

The 2024-2025 Free Application for Federal Student Aid (FAFSA) must be filed using 2022 tax information. However, the UNMC Office of Financial Aid can reevaluate FAFSAs by request based on changes in a family's financial situation.

Important Considerations

- The last day to submit a reevaluation request is April 5, 2025.
- After November 1, 2024 the 2024 Federal Tax Return and supporting documents will be required.
- The student must be enrolled or intend to enroll for the term for which consideration is requested.
- A change in your financial situation does not guarantee that a change in the student's aid package will be made.
- UNMC will not consider requests from parents or students who voluntarily experience a reduction in income to return to school.
- Allow up to 4 weeks for processing and the final decision is made by the Office of Financial Aid.

CERTIFICATION STATEMENT

I certify that the information on this form is complete and correct to the best of my knowledge. If additional documentation is required, I will submit the required documents promptly or my Special Circumstances Request will not be processed. I understand that although this request may result in a lower Expected Family Contribution (EFC), it may not result in additional financial aid.

Signatures (Electronic Signatures are not acceptable):

STUDENT SIGNATURE _____ *Please print this document to sign it.*
