

## **Refunds**

Student refunds are generated if the student account balance has been over paid by financial aid, to include but not limited to loans and scholarships.

The process of generating student refunds begins within three days after student accounts has moved money onto accounts.

## **Direct Deposit**

UNMC encourages students to sign up for direct deposit. This allows UNMC to request the state treasurer's office to disburse directly to the bank account of your choice. This process usually takes 5-7 business days.

To sign up for direct deposit, log into [My Records](#), click on the Student Accounts tab, in the bottom right hand corner is the link "Enroll in Direct Deposit" to add or verify Bank Info.

Direct deposit avoids the risk of lost or delayed mailed refund checks, and gets your refund to you more quickly.

## **Refund Checks**

If you wish to receive your refund in the form of a check, please verify your current mailing address is up to date. A check will be mailed from the state treasurer's office and takes approximately 7-10 business days.
