TITLE IX

Title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.) prohibits discrimination on the basis of sex in education programs receiving Federal financial assistance. Title IX states: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

- Title IX prohibits discrimination on the basis of sex in education programs or activities operated by recipients of Federal financial assistance.
- Sexual harassment of students, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX.
- Title IX applies also to same-sex, bisexual and transgender students.

Sexual Violence

- Sexual violence refers to physical sexual acts perpetrated either against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol.
- An individual also may be unable to give consent due to an intellectual or other disability.
- A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, and sexual coercion. All such acts of sexual violence are forms of sexual harassment covered under Title IX.

Rev. 06.2021
Was It My Fault?
Sexual violence is never the fault of the person who experienced sexual violence.
As a survivor you may blame yourself:
• “If I hadn’t gotten in the car.”
• “If I hadn’t gone to their room drunk.”
• “I should have known better than to study at their house.”

Do not blame yourself.

After Effects of Sexual Violence
• Post Traumatic Stress disorder (PTSD): severe feelings of anxiety, stress or fear.
• Depression: emotional and psychological reactions due to the sexual violence experience.
• Flashbacks: when memories of past traumas feel as if they are taking place in the current moment.
• Develop sleeping and/or eating disorders.
• Sexually Transmitted Infections (STIs).
• Pregnancy.
• Substance abuse: may turn to alcohol or other substances in an attempt to relieve emotional suffering.
• Self-harm/self injury and/or suicidal thoughts, please seek help immediately by calling 911, go to the nearest emergency room or call the National Suicide Prevention Lifeline for help 24 hours a day at 800.273.TALK (8255).
