SEXUAL VIOLENCE
It can happen to you

What is sexual violence? It is any physical sexual act perpetrated either against a person’s will or when a person is incapable of giving consent. Sexual violence is a form of sexual harassment.

Here at UNMC we care about the well-being of our employees and students. If you experience sexual violence we offer you help in several ways.

UNMC wants to ensure you are able to obtain the assistance and support needed to get help, feel secure, and begin the healing process.
